This month's Design Principle is Primacy of Self-Discovery
Malimu in Ms. Manasso's class showed this design principle and

craftsmanship, perseverance, collaboration (circle one), one of the habits of
scholarship, when he/she discovered what it took to
work towards AND accomplish
a goal. He persevered and ^{finally} met his
AR goal for the first time. In fact,
he worked so hard, he exceeded his
goal!

Great job!

This month's Design Principle is Primacy of Self-Discovery
Bushra Sidow showed this design principle and

craftsmanship, perseverance, collaboration (circle one), one of the habits of
scholarship, when he/she grappled with a challenging
math ^{word} problem. Not only did Bushra check to see
if her answer made sense, but, when she went
back to fix her mistake, she got the answer
correct and could explain her thinking!

Bushra

Great job!
